As indicated by the signatures below, the following timeline has been agreed upon by student and adviser. Advisers should hold students accountable to these deadlines; students should communicate with advisers regularly with questions or concerns. The Honors College is available to address any questions or concerns regarding progress and/or support.

Items that should be included on the timeline: any work the advisor wishes the student to accomplish in the summer; deadline for submission of IRB or IACUC application (if applicable); regular due dates; required meetings. In making the timeline, please bear in mind that the final thesis must be approved by both the thesis advisor and the chair of the major department before coming to the Honors College for final approval. Please plan accordingly to meet the Honors College submission deadlines (11/15 for December graduation; 4/15 for May graduation; 7/15 for August graduation).
